## Certificate in relation to air transportation by passengers with walking disabilities

We hereby certify that our product **UNAwheel Mini** including the lithium-ion battery meets the requirements of UN Manual of Tests and Criteria, Part III, subsection 38.3 and therefore is suitable for air transportation by passengers according to IATA DGR Chapter 2.3.2.4.

### **Battery Description**

Nominal Voltage: 24 V

Nominal Capacity: 6.4 Ah

Nominal Energy: 153.6 Wh

The nominal energy of the battery is 153.6 Wh, which is below the IATA limit of 300 Wh (per battery). The battery is built-in (non-removable).

We recommend to take the device with you to the passenger cabin. Device has to be switched off before boarding and protected from damage and unintentional activation.

We strongly recommend to notify the air company in advance in order to get approval and avoid any confusion.

This certificate does not apply to damaged or defective devices or batteries.

This certificate is valid until 31/12/2021.

**Nikolay Yudin**

Director, UNAcare Pte. Ltd.
